Urges Budget Plan for War Fund Payments

Gathering increasing momentum, the Greater Boston United War Fund campaign, built on unity of purpose and determination for victory, rolled on today toward its war-time goal of \$7,600,000.

With one week gone in the three-week campaign, the people of Arlington and 44 other met-

ropolitan communities found that patriotic citizens everywhere were responding as never before to this emergency challenge.

It is pointed out once again that the Greater Boston United War Fund carries the four-in-one responsibility of meeting four separate challenges: (1) the year-round needs of the 215 Community Fund hospitals, health and social service agencies; (2) the war-time needs of the American Red Cross at the front; (3) the call of the USO for funds to provide recreation for men in service wherever they may be; (4) the local needs of the Soldiers and Sailors Committee to extend hospitalities to service men stationed in and about Boston.

Arthur W. Sampson, Arlington campaign chairman, urges the budget plan of giving with payments due quarterly, weekly, or as desired. This deferred payment plan will enable many to follow their own dictates of all-out generosity. Through the cooperation of all Arlington banks, payments on pledges may be made at the Menotomy Trust company, the Arlington Cooperative bank, the Arlington National bank and the Arlington Five Cents Saving bank, which in addition to its main office, has branches at Arlington Heights and in East Arlington.

\$3,595 In Defense Bonds Sold At Rally

United States Defense bonds and stamps totalling \$3,595.35 were bought outright or pledged at the defense rally sponsored by Arlington lodge, Sons of Italy in Robbins town hall Sunday afternoon. Joseph Dente was chairman of the committee on arrangements.

Bonds sold amounted to \$1,525. Pledges were obtained for the purchase of \$2,000 more bonds. The sale of stamps amounted to \$70.35. Bonds purchased this week by those who made pledges indicate that these pledges will be fulfilled and that the eventual sale will pass the above figures. Speakers at the rally included

Daniel A. Doherty, state chairman of the defense savings committee; Assistant District Attorney Anthony DiCecca who represented the county; Ernest W. Davis, who spoke for the board of selectmen; and Arthur J. Mansfield, Arlington chairman of the defense savings committee.

The speakers emphasized the importance of buying defense bonds and stamps out of current earnings rather than to withdraw savings from the banks for this purpose. The program opened with the massing of colors, with American Legionnaires taking part. The Legion band provided music.

New Defense Nursing Course Is Offered

The Ring School of Psychiatric Nursing announces a new course to assist young women from 18 to 30 who are high school graduates or the equivalent to do their part in this new "War of Nerves."

This well-known teaching organization is one of the oldest of its kind in the country and offers practical training in the oldest medical institution in Arlington, the Ring Sanatorium and Hospital.

The usual two-year course has been completely revised to include such specified items as Red Cross First Aid, War Neuroses, Surgical Emergencies, and Home Nursing. This is the first such course to be offered in any school of nursing. The basic intent of the school, to educate young women to fill the great

need of the profession for psychiatric aides and to give them a remunerative vocation in which more than ever trained people are going to be needed, has not been lost sight of.

In recognition of this well-known organization, the Arlington Civic Defense Committee recently passed a resolution approving the course and recommending it to young women. Full cooperation is promised.

In its effort to do its part, the School has suspended its usual tuition fee and to those who indicate their intentions of carrying through the 18 months' course will supply uniforms and full maintenance for the entire

To Register For Selective Service Feb. 15 and 16

The next Selective Service registration will take place upon two separate days, namely, Sunday, February 15, and Monday, February 16, it was announced this week by Atty. Albert W. Wunderly, chairman of Board 5.

Draft Board 4, covering Precincts 1 through 4, will register men on both days at two places, the Town Hall and the Hardy School.

Draft Board 5, covering Precincts 8 through 14, will register men on both days at two places, the Town Hall and the Locke School.

The hours during which both boards will register men at both of their respective places are: for Sunday, 9 a. m. to 5 p. m.; for Monday, 7 a. m. to 9 p. m. Both boards are making preparation for handling a large number of the registrants on Sunday. It is hoped that the majority of men will take advantage of the opportunity to register on Sunday, so that the bulk of the work will be completed by that evening.

Will Distribute Sand On Sunday

Homeowners Must Leave Suitable Containers At Sidewalk — Distribution Starts At 9 A. M. — More Volunteer Workers Needed

Plans are nearly completed for the distribution of free sand to every home in Arlington next Sunday under the direction of the Public Safety committee and the board of public works. This sand is to be used in emergencies to extinguish fires set by incendiary bombs in the event of an enemy air raid.

Delivery of sand will begin at 9 o'clock and all home owners are urged to set out containers, preferably metal, such as ash barrels, at the sidewalk before that time Sunday morning in order to receive their supply of air-raid sand. Containers should be equipped with handles as far as possible and should be large enough to hold approximately three pails of sand or about 120 pounds.

The only delivery arranged will be made on Sunday. There will be no return trips. Therefore, it is important that barrels be set outside, at the sidewalk, before Sunday morning. In the event of a snowstorm which would make it necessary to use the available town trucks

for snow plowing operations, the distribution of sand will be postponed one week, to the following Sunday.

The board of public works has turned over for the use of the Civilian Defense committee its fleet of trucks, manned by public works department drivers, to haul the sand through various parts of the town. In addition over twenty private concerns are offering the use of their trucks.

Walter T. Chamberlain, general chairman, of the Public

\$500 Defense Bond Is Purchased By Arlington Friends Of The Drama

Atty. Russell T. Hamlet, chairman of the trustees of special funds of the Arlington Friends of the Drama has announced that the trustees have voted to purchase a \$500 Defense Bond, series "G." Application was made last Monday.

Mrs. James A. Bailey, Curtis K. Pinkham and Atty. Hamlet are the present board of trustees. At a recent meeting sentiment was expressed that now is the time for people to show their patriotism and confidence in the government and therefore the trustees have drawn upon the permanent funds for this initial purchase.

SHOWER AT KEANE HOME

A very pretty shower was given at the home of Miss Marion Keane of Ramsdell court, assisted by her sister, Mrs. Esther Benware of Somerville, in honor of Miss Doris Rowland of Watertown, Wednesday evening, last week. The living room was beautifully decorated in pink and the dining room in yellow. A caterer served refreshments. Miss Rowland is to be married on Valentine's Day.

Local Nun Reported Safe On Macao Island

"Fifteen hundred hungry people were at our gate before nine o'clock this morning. Help keep us here with your prayers," was the plea contained in a letter from Kongmoon, South China, just received at the Maryknoll Sisters' Motherhouse in New York. The letter, written just a few days before war was declared, is from the convent Superior, Sister Mary Patricia Coughlin of Arlington.

According to a cable received at Maryknoll, N. Y., shortly after hostilities began, Sister Patricia is no longer in Kongmoon, the Japanese having given the five Maryknollers in that city safe conduct to the Portuguese Island of Macao. Since the first invasion of Kongmoon in the spring of 1938, when seven villages moved into the Mission Compound, the Arlington nun has directed the distribution of rice to hundreds of refugees daily.

THE SIXTH ENEMY COLUMN

The expression, "Fifth Column" has appeared in print and has been repeated in conversation so often since the beginning of the second world war that by now everyone is familiar with it.

However, few of us have heard of the "sixth column." It is disease which civilians must prepare to battle. Using the slogan, "Bomb the Bugs," Professor Curtis M. Hilliard, head of the health division of the Massachusetts Committee on Public Safety, in a message sent to the local board of health, points out that, "Throwing a bomb at the bugs to thwart their insidious guerrilla warfare against the health of our nation, is just as important as throwing bombs at an invader in armored tanks. Planes, tanks and ships are made by civilians. Back of the armed forces we must build a bulwark of defense composed of strong, determined people who continuously, efficiently and cheerfully pursue their daily activities. This requires healthy bodies and resolute nerves. This is a war of wills; a war of the spirit of man.

Sanitary measures and everyday health precautions constitute the panzer divisions of the attack against the sixth column — disease. Proper diet is also of utmost importance to make America strong. Recreation, exercise, rest and proper housing, all of which affect our lives from moment to moment, are also important to our health in these critical times.

The ever-present strain placed upon us by the current emergency must be considered, too, as we try to cultivate poise. Health must not be overlooked as we rush about with civilian defense preparations against possible attack. Victory for victory means victory over any enemy. Victory over disease should be one of our first objectives in this war.

DON'T "BLITZ" your own gas-buggy!

"Too little too late" has spelled early collapse for a lot more cars than you'd realize.

Too little attention to service requirements that don't seem immediately important, too late attention to prevent wear from getting started

Of course, you don't mean to "blitz" your automobile in that fashion. But it's easy to do if you, as a busy, hard-working car owner, try to keep track of all necessary attentions when they should be taken care of.

Our C-Y-C service does that for you. We keep a steady record of the service your car gets, note when it needs certain attentions, then call for it at the proper time.

For that you pay only for work done with your full approval. And in the end it will cost you less for the simple reason that regular care costs less than infrequent cure.

Come in and let us prove that — and while you're at it get a FREE appraisal of your car's present condition.

The NEWS OBSERVES

The selectmen and their executive secretary, with their wives, will accompany the Friends of the Drama next Tuesday evening on a trip to Camp Devens where the local drama group will present the play, "The Vinegar Tree" as feature of Arlington Night at the U. S. O. recreation center. The Friends are presenting the entertainment for the soldiers at the suggestion of the selectmen.

That work done by local British War Relief workers is reaching its destination is indicated by the following letter, quoted in part, received by an Arlington resident:

"I received a week ago through the medium of one of our daily papers, The Daily Mirror, a pair of socks which formed part of a 'Bundle for Britain.' On turning the socks inside out I came across a small strip containing your name and thought I would like to express my appreciation of your work. The boys here are very grateful for the kindness shown by our American friends which shows the common bond of friendship between our peoples. We are all for the same cause and as I write this letter I am mindful of your country brought forcibly into the conflict by reason of Japan's attack on the Philippines."

"Indications that Governor Saltonstall's war finance plan opens the way for 10 per cent pay raises for Quincy city employees should make us realize that the time has come for the city and the state to start spending with extreme care."

It seems to us that good taste would require these smaller divisions of government to be prudent in the expenditure of money since the taxpayers are going to be hard pressed by the federal government. From the lead editorial in Saturday's edition of the Quincy Patriot Ledger, published in Quincy, the home of booming ship-building industry. For appeals for government economy in Arlington, which has no defense industries to speak of, unreasonable?"

During the present emergency, the amount of new life insurance issued by savings banks in Massachusetts on any one person will be limited to \$10,000, it is announced by Judd Dewey, Deputy Commissioner of Savings Bank Life Insurance. Formerly, amounts up to \$25,000 could be bought. "This limitation does not, of course, affect any insurance already in force regardless of amount," Mr. Dewey stated.
